History: This message has been replied to.

Cliff,

I understand from reports I received of last week's technical meeting that we may be close to having final technical documents.

I do not recall whether we ever reached a final decision on the form of environmental covenant to be attached to the Consent Decree. I believe that was still in your hands. Please send me the version of that document you propose to attach to the final Consent Decree so that Bob and I can review it with Union Pacific. Please also send us the final versions of the Consent Decree and the Statement of Work.

Thanks.
